

G-Shot 507

Advanced 5.0 mega pixel digital camera

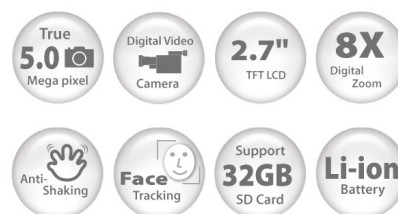

The latest addition to the Genius G-Shot digital camera series is the 5.0 Mega pixel G-Shot 507, which can take photos up to 12MP by interpolation. It uses a Li-ion battery charged by the USB interface and features a 2.7" color display and 8X digital zoom.

You won't run out of power with the G-Shot 507 since it uses a li-ion battery so you can capture over 200 CIPA photos in 1.5 hours of continuous photo taking.

In addition, it also can record video clips in 640 x 480 at 30 fps resolution; take pictures in over 10 scene modes: Auto, Night Portrait, Night Scenery, Portrait, Scenery, Sport, Party, Beach, face detection, smile detection, and includes features for anti-shaking and continuous shots.

Turn on the smile detection, it will take a shot when it detects a smile, so let G-Shot 507 capture your enjoyable moments.

Choose G-Shot 507 in black, blue, or purple finish. For more information about G-Shot 507, contact your sales representative.
